

## The Return of the Prodigal Luke 15:11-24

1. "Let's go Home": I overheard this between two sisters recently.
  - A. Prodigal means "wasteful": The Parable of the Prodigal Son: "When he came to himself."
  - B. There are many who have known God, or known God in a measure, that are beginning to see that "it's time to go home."
  
2. **Romans 5:20** "Where sin abounded, grace did much more abound."
  - A. As the world grows more wicked God's grace is ever more present to save those who will come to Him.  
**Eph. 2:8**
  - B. Many in the world are now beginning to respond to this. They are looking but don't always know how to find God.
  
3. This is where we The Church, come in.
  - A. We must show them the way!
    - 1) The location of Israel. The bridge of the world.
    - 2) Each of us must reach those we can.
      - a) Pray for family and friends.
      - b) Ask God to lead you to someone who is hungry for God.
      - c) Be ever mindful of people "out there," and "all around us" who are looking for truth and answers in life.
      - d) Consider teaching a home Bible Study.
  - B. Now is the time to do this.
